Disclaimer

This presentation is not a legally binding offer to buy or sell a product at the stated price. The information in this presentation is based on the interpretation of customer needs by QCAM Currency Asset Management AG. This interpretation may differ from that of the customer. This presentation is not intended to be passed on to third parties or for public use.

QCAM Currency Asset Management AG makes a great effort to ensure that all information presented here is complete and correct, but it cannot guarantee this, in particular this applies to the time at which it was created. If you have any doubts or questions about the accuracy of the data or any other information provided herein, we strongly suggest that you ask for more detailed clarification from us or seek independent and/or expert advice. This presentation can be changed by QCAM Currency Asset Management AG without informing third parties. Prospective investors should not construe the contents of this presentation as investment, tax, legal or other advice and should consult with their own advisers concerning such issues. Investments are generally associated with financial risks. It is possible that access to the invested capital is limited over the term. For the proposed products, QCAM Currency Asset Management AG does not guarantee that access to capital will be granted at all times or that a secondary market will exist.

In general, it should be noted that investment successes achieved earlier are no guarantee of future investment success. QCAM Currency Asset Management AG does not give a capital guarantee and does not guarantee any minimum returns. In the event that QCAM Currency Asset Management AG acts as an investment manager for investors, an investment management agreement will be concluded, which serves as the legal basis.
